

# **“Everyone has a Story”**

## **A Marwal Centre Storytelling Project**

A Storytelling project is being conducted at the Marwal Centre, North Balwyn in March/April 2012. The focus is that **‘Everyone has a story’** and older people will be encouraged to reflect on their lives and share their story over a series of workshops. These sessions will be facilitated by an experienced storyteller.

We are seeking volunteers to assist with this project. Training is available for those wishing to participate.
