# ART CLASS with Eric

Eric Zhang is a registered art therapist who has experience working in a variety of senior's centres and community organisations. As an artist, Eric fell in love with paper folding (origami) as a form of artistic reflection, influenced by his earliest experiences of learning origami from his mother. Eric is now proficient in a wide variety of medium such as paint, watercolour and pencils and is ready to support and nurture you through your own art journey at BASScare!

Feel Good  
Live Well
